

Student Alumni Profile

Ria Liang
Accounting Division
Small Chartered Firm

Ria Liang is a Bachelor of Commerce, majoring in Accounting from Macquarie University.

Ria came to Performance English to study her Professional Year - Accounting in March 2009.

She studied in the full time track and completed a 12 week full time internship at a major international investment bank in their accounting and finance team in the Sydney CBD. Ria also had previous experience on the professional side of accounting before she started her program.

Ria is an extremely positive person and she takes her happy attitude with her into interviews. Her attitude along with her qualifications and experience helped her to secure employment with a small chartered firm following her internship.

Ria has been extremely successful with her interviews and she is an example of employers responding to attitude and skills in their candidate search.

Student Commentary

Internship
Macquarie Bank
MacCap Funds – Finance Division Intern

Working
Winn Croucher Partners
Assistant Accountant

In the professional Year Program, I learnt how to improve my CV to a corporate standard which helped me secure my position at Winn Croucher.

The course provided me with lots of knowledge and real life experience both in the classroom and in the internship.

Performance English really listened to me and responded well to my needs.
